The work of the Glades Initiative targets both service providers and residents of the Glades communities by  
investigating service delivery barriers to health and human services, developing strategies to overcome those  
obstacles and implementing effective strategies. Some of our services target providers through increased  
collaboration and communication, such as culturally appropriate trainings, medical interpreter training, networking  
meetings for identified needs, the Glades Area Resource Guide, Glades Community Updates, a weekly email  
communication, web-based community calendar and advocacy, while other services benefit residents directly,  
through our bilingual Community Resource Educators, who assist residents, with limited English, low literacy,  
and limited or no access to computers in receiving services. Glades Initiative expects to increase access to  
services and information, reduce the barriers to health and human services, impact more effective service  
provision, and increase services to residents, resulting in a healthier more productive community.

Other: Program Services Accomplishments 2022-23: Our programs at The Glades  
Initiative revolve around increasing access to health and human services by removing  
the barriers that both residents and providers encounter within the system of  
care. We do this through increasing communication, collaboration, and by connecting  
residents to services. Our mission is to improve the coordination and effectiveness  
of the health and human service in the Glades area of Palm Beach County. Connecting  
the Glades : Our Community Resource Educators assisted over 5,235 uninsured and  
underserved Glades residents with access to various health and human services.  
We assisted 4,151 of our low income residents with the online application process  
for DCF Services such as: Medicaid/Medicare, SNAP (Food Stamps). Most of the  
residents served at The Glades Initiative (95%)face barriers receiving services  
because of limited English language skills, low literacy levels and lack of access  
to computers and internet. We also provided hundreds of residents with enrollment  
assistance for Health Care District programs and Kid Care. With services turning  
online, our clients, continue to face challenges to complete applications. More
